#### MISSION

- **To Impart knowledge and technological skills in young mind with global standards.**
- **To ignite environmental sensitivity.**
- **To indoctrinate right values and universal brotherhood.**
- **To incorporate student-centric and joyful learning.**

# CAMPUS SUPERIOR MESSAGE

**Rev. Sr. S. Philips Mary**  
**BBA, MBA**

**“Education makes people easy to lead, but difficult to drive; easy to govern but impossible to enslave.”**

Education teaches us to be polite. When you are educated you know, when to speak and when to remain silence. Education is the most powerful weapon to change the world. Education is that property that cannot be stolen. We can take this property where ever we go. It is a ray of light in the darkness. It certainly is a hope for a good life.

# PRINCIPAL MESSAGE

**Mr. A. Xavier**  
**B.com, B. A, B.PH, M.A, B.Ed.**

"Teaching is a very noble profession that shapes the character, caliber, and future of an individual. If the people remember me as a good teacher that will be the biggest honor for me." - Dr. A.P.J. Abdul Kalam.

Teaching indeed is one of the noblest and greatest professions; teaching in the 21st century is not quite what teaching was perceived as in the olden days. Teachers in the 21st century are those who continue to teach in the same way that they have been teaching, but with the tools and technology of today.

They are employing everything that is necessary in today's world for students to be able to survive and succeed in times to come. A 21st-century teacher must be able to lead and create a balance between educations and develop problem-solving skills in students so that they can adapt to the constant changes in the future.

A 21st-century teacher is optimistic about the future. They are fully conscious of the ever-changing technological trends and are contemplating what the future has in store for education. A competent 21st-century teacher is aware of the professional options that will be available to his / her pupils in the next few years and are always promoting forward-thinking and preparation to guarantee that no kid is left behind.

The 21st century is an age of collaborative information gathering and learning.

The 21st-century teacher is necessary to help facilitate students in the development of comprehension, creative, imaginative, and deep-thinking abilities. The role of teachers in the 21st century is necessary for altering the globalizing environment and improving the long-term education of their students. Simultaneously they must be able to inspire and mentor students in developing employability skills through the use of digital technologies.

The importance of a teacher in the twenty-first century has shifted dramatically from that of just an educator to that of an all-around mentor. Teaching in the twenty-first century is a completely new experience, made even newer by the change in how we learn. Learning may now take place anywhere, at any time, and can be tailored to an individual's approach and interests.

21st-century teachers are not only necessary to render basic education but also to make sure their students are ready for the latest trends and changes in the world. So, we teachers try our best execute our duties as a real 21<sup>st</sup> century teacher

# KG ACTIVITIES

## COUNT YOUR BUTTONS DAY – 16-10-2024

# POSCO & ANTICORPORAL PUNISHMENT CIRCULAR

## DEPARTMENT OF SCHOOL EDUCATIONS - DFT

### CIRCULAR – REGARDING POSCO / ANTICORPORAL PUNISHMENT

All the staff members are requested to adhere to the child protection policies of the school. Staff are requested to strictly maintain healthy distance from girl students. Be quite professional in your attitude and avoid unpleasant situations. You're not allowed to comment on our students, pat/fondle them, exchange phone numbers, gifts or compliments. Be aware of the incidents in context with exposure of pornographic representations in any form. If any child reports on such incident, the staff will be imprisoned for a period of six months and ever will be terminated from service immediately. All these cases are under POSCO Act which is non-bailable offense.

Parents are quite particular that even kindergarten girl students are not to be pampered or touched by male staff, drivers, PETs etc. Laws are stern that no one can support you even if it is a manipulated case. Let us be mindful of our actions. The law offers all sorts of priority and security to the victims in spirit of evidence. The school has various initiatives to collect reports on teacher's approach towards students. If any case is reported against any teacher, he/she will be terminated from service without any delay. No grievances will be accepted post incident. It is your sole responsibility to be away from all sorts of controversies. At this moment, let us update ourselves with POSCO ACT and its legal sides.

POCSO or The Protection of children from Sexual Offenses Act (POCSO Act) 2012 was established to protect the children against offense like sexual abuse, sexual harassment and pornography. It was formed to provide a child friendly system for trial underneath which the perpetrators could be punished. Cases under POSCO Act is non-bailable offense and severe actions will be initiated.
