**“Teach a child how he should live and he will remember all his life.” – Holy Bible.**

Teachers are very important in every phase of life, but at School level teachers are very crucial for student’s life. It is because most of the children are in their teens and they are not mature enough to decide the right path and sometimes a wrong decision makes their life dark.

- Teachers are the **dynamic force** (Active, self-motivated, energetic, vibrant, full of life, lively) of a school. They are the pivot (axle/spin around revolve, rotate) of a school. We teach and train the young children to be **physically Fit, Mentally/ intellectually alert, emotionally/ psychologically balanced, morally and spiritually sound.**
- A good teacher becomes a role model for the students. Students tend to follow their teacher in almost every way. The teacher’s caring attitude gives wings to the ambitions for future academic success and also shine well in extracurricular activities.
- Teachers help young children become successful in their career and business, to become good human being in the society, good and responsible citizen of the country become the leaders of the next generation. This noble profession creates an impact on the growth and well-being of a nation. Teachers are the nation builders.
- The strength of every profession in a country grows out of the knowledge and skills that teachers instill or inculcate in children. So let us continue to do our ministry sincerely and create a better world for everyone to live happily and peacefully.

## DEPARTMENT OF SCHOOL EDUCATIONS - DFT CIRCULAR – REGARDING POSCO / ANTICORPORAL PUNISHMENT

All the staff members are requested to adhere to the child protection policies of the school. Staff are requested to strictly maintain healthy distance from girl students. Be quite professional in your attitude and avoid unpleasant situations. You're not allowed to comment on our students, pat/fondle them, exchange phone numbers, gifts or compliments. Be aware of the incidents in context with exposure of pornographic representations in any form. If any child reports on such incident, the staff will be imprisoned for a period of six months and ever will be terminated from service immediately. All these cases are under POSCO Act which is non-bailable offense.

Parents are quite particular that even kindergarten girl students are not to be pampered or touched by male staff, drivers, PETs etc. Laws are stern that no one can support you even if it is a manipulated case. Let us be mindful of our actions. The law offers all sorts of priority and security to the victims in spirit of evidence. The school has various initiatives to collect reports on teacher's approach towards students. If any case is reported against any teacher, he/she will be terminated from service without any delay. No grievances will be accepted post incident. It is your sole responsibility to be away from all sorts of controversies. At this moment, let us update ourselves with POSCO ACT and its legal sides.

POCSO or The Protection of children from Sexual Offenses Act (POCSO Act) 2012 was established to protect the children against offense like sexual abuse, sexual harassment and pornography. It was formed to provide a child friendly system for trial underneath which the perpetrators could be punished. Cases under POSCO Act is non-bailable offense and severe actions will be initiated.
